

ALGEVA

Seaweed-based support with organic matter, potassium and alginic acid.

- Seaweed-based care
- 15% organic matter
- Stress-period support

Composition at a glance

Constituent	Content
Organic matter	15%
Alginic acid	0.6%
Water-soluble potassium oxide (K ₂ O)	3%
pH range	6 - 8

Constituents are shown individually. Nitrogen fractions and other constituents may overlap; percentages must not be added.

Care inspired by the sea.

ALGEVA is a seaweed-based formulation for turf care during stress periods. Its reference composition combines 15% organic matter, 3% water-soluble potassium oxide and 0.6% alginic acid. Integrate it with irrigation, mowing and a site-specific nutrition programme.

APPLICATION PLANNING

Set dose, method, water volume and compatibility against the current product label and a site assessment.
