

Product information brief

Tank Mix

pH management for tank mixtures

Source composition

The supplied brochure describes this product as a pH regulator. A quantitative composition and pH value are not provided in its main product text.

Application and technical review

Dose, dilution water volume, application frequency, conditions and compatibility require a current approved label and technical review. This brief does not provide an application recommendation.

Final GrassRex pack sizes and product codes are not confirmed.

Based on the supplied brochure; not an approved label, Safety Data Sheet (SDS) or application instruction.

Source: user-supplied two-page product brochure, page 2. Independent performance results and current GrassRex label approval were not supplied.
